WORK EXPERIENCE

React Js Intern - Elsner Technologies **01/2022 - 03/2022**
As a React.js intern at Elsner Technologies, I successfully contributed to the development of responsive and user-friendly web applications. During my internship, I collaborated with the development team to implement new features, enhance existing functionalities, and resolve critical bugs.

Jr. React Js Developer - Crenspire Technologies **11/2022 - 04/2024**
ReactJS developer with experience in building e-commerce websites, including login-logout functionality, purchase calling plans and packages, and other features. Proven ability to use ReactJS to create interactive and user-friendly web applications. Expertise in HTML, CSS, JavaScript, and other web development technologies. Strong understanding of e-commerce best practices and web security principles.

React JS Developer - Peerbits Solution Pvt Ltd **05/2024 - 01/2025**
ReactJS developer with experience in building e-commerce websites, including login-logout functionality, purchase calling plans and packages, and other features. Proven ability to use ReactJS to create interactive and user-friendly web applications. Expertise in HTML, CSS, JavaScript, and other web development technologies. Strong understanding of e-commerce best practices and web security principles.

React Js Developer - AI Certs **09/2025 - Present**
Worked at AIcerts on in-house projects, including the main employee management website and a Learning Management System (LMS) designed for AIcerts and Microsoft certification courses. Both platforms were developed using NestJS for enhanced performance and scalability.
